

Kelebihan Kekurangan

	Kelebihan	Kekurangan
Jira	- dev focused app / focused on specific team atau project	- agak tidak user friendly
Trello	- GUI lebih menarik	- general focused app
Your Track	- self hosted	- limited tree view

Flow

Jira : Membuat epic di roadmap, dan menambahkan task di board dan disambungkan dengan roadmap yang dibuat sebelumnya.

Trello : Buat board template, invite collaborator, ready to use

Your Track : Create issue, select project, isi isruenya dan deskripsi, set custom field, create issue

The things that Implemented into SEV-2

Board Style like Jira

Calendar from Trello
